**Impaired Vision
Hinders Well-Being**

"Where there is no vision, the people perish."
-- Proverbs 29:18

While meeting basic needs is often a challenge for homeless men, women and children, **impaired vision** can hinder their ability to access **food, clothing, shelter** and other services, including finding and maintaining employment.

March 13 – April 24 Episcopal Homeless Initiative **ONE CHURCH VISION DRIVE**

As part of the **Episcopal Diocese of Texas' One Church Homeless Ministry**, the **Episcopal Homeless Initiative** is serving those in our 57-county community by collecting and distributing **new and gently used reading glasses**, as well as providing the most basic of needs. Learn more about our mission to stabilize the lives of the poor and homeless through intensive case management at www.slehc.org.
